Transportation

Providing the Pathway
for
Connected Vehicles in
Smart Communities

In Action

Actively involved in
**3 CONNECTED
VEHICLE** test facilities

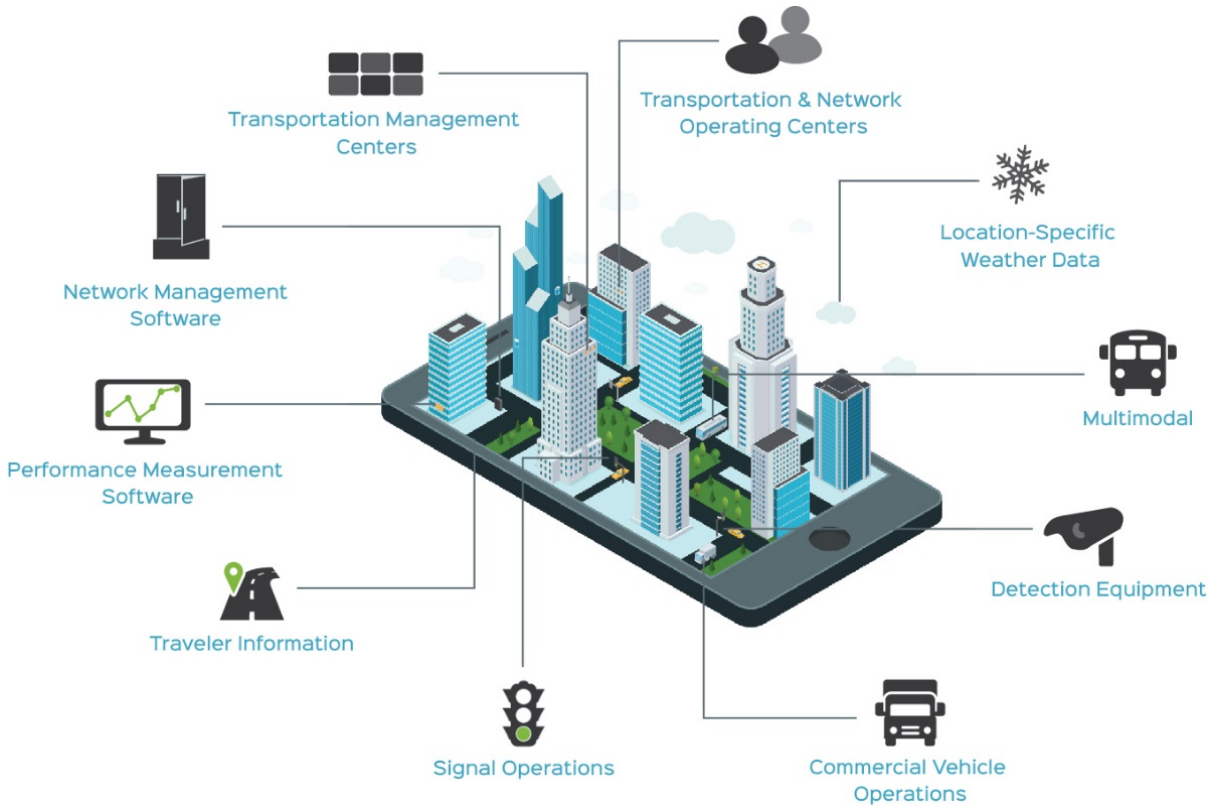

21 Transportation Management
Centers designed and
integrated since 2005

Designed, deployed and equipped
over **1/3** of the signalized
intersections in the U.S.

Smart City Transportation Components

Delivering

- Iteris powers the 511 and Advanced Traveler Information Systems (**ATIS**) in **15 U.S. states**
- Commercial Vehicle Operations (CVO) software across **43 states**
- Performance Measurement Software actively deployed across **21 states**

Thank You!
